

PENREN this Week

September 29, 2003

Wedges 2-5 Renovation

Wedges 2 through 5 encompass the remaining 4.5 million square feet of Pentagon space to be renovated by 2010.

Left: An elevator mechanic is preparing control wires for the new D-ring elevator. Below: Just outside, two electricians are reflected in the elevator glass wall

Many trades are completing work in the 2nd floor, D-ring tenant space.

Intake/Outfall

A new intake water line will supply condenser water to the Pentagon air conditioning chillers and the outfall line dispenses warmed condenser water into a local waterway.

**Monday, September 30:
Outfall Pipe-Jacking Begins**

The Outfall pipe-jacking operation began at midnight on Monday, September 30

Pipe is pushed through at a rate of 1.5 feet per hour. The first 10-foot length of pipe was completed at 6 a.m. Tuesday Morning.

More info on this project can be found at:
